

Clark County School District
Kindergarten Suggested 50 High-Frequency Words

This document was printed from Document View in the CCSD Curriculum Engine and is intended to support the curriculum of the Clark County School District. Only electronic versions are controlled.

The intent of this recommended high-frequency word list is to provide a grade-level appropriate resource for teachers. This list was developed using Fry's high-frequency word list, which identifies the most common English words in order of frequency. The word list below is not meant to be all inclusive, but rather serve as a guide for instructional planning to provide consistency in the Clark County School District. Kindergarten students' mastery of these high-frequency words will be assessed through the CCSD Kindergarten Assessment. When students have mastered the list, teachers need to move on to the next set of high frequency words.

a	did	is	our	to
all	do	it	said	up
am	for	like	see	was
and	get	little	she	we
are	go	make	so	what
at	good	me	that	who
