†A 15% tuition savings and a tuition grant of up to \$3,000 for course-based bachelor's and master's programs or up to \$5,000 for course-based doctoral programs are available to eligible new students who are employees of Clark County School District, who enroll and start class between July 1, 2023, and June 30, 2024. No tuition savings or tuition grant will be made retroactively. The tuition grant excludes certificate programs, Tempo Learning® programs, the FNP specialization in the MSN program, the accelerated specializations and one-credit track in the MEd program, and the Self-Designed specializations in the MEd, PhD in Management, and PhD in Public Health programs. The tuition grant is awarded as a tuition savings of up to \$500 for up to six consecutive terms for bachelor's and master's programs and up to 10 consecutive terms for doctoral programs, beginning with the first term of enrollment, until the entire tuition grant has been earned or the student is no longer eligible. Students must be enrolled continuously (without break) to receive the full tuition grant. Tuition grants and tuition savings are applicable to tuition only and cannot be combined with any other tuition savings benefit. The tuition grant is a non-cash award, and in no event will the recipient receive a check or other disbursement of money pursuant to this tuition grant. The tuition grant may only be used for credit-bearing courses within the recipient's program; non-credit courses are not permitted under the tuition grant. Any changes that Walden makes to tuition savings, grants, or scholarship offerings will affect new students/recipients. All tuition savings, grants, or scholarships are subject to specific eligibility requirements. Contact a Walden University Enrollment Specialist for details.
